Note: See Note, table 1.1. Duplicative transactions between levels of government are excluded from the total for all governments, the State and local total, and the local total. Such intergovernmental expenditure consists of payments from one government to another and eventually will show up as a direct expenditure of a recipient government. The State government total for 1980 and 1981 includes a residual "other" category not displayed separately. For survey methodology and definitions of terms, see Appendix 1.

^aDetail may not add to total because of rounding.

^bData for local governments are estimates subject to sampling variation.
