DECLARATION

TO THIS HONORABLE COURT:

1. My name is Michael Alcaisy. I am over 18 years of age and am of sound mind. I make the following statements upon my own personal knowledge of the facts stated herein. If called upon, I am willing to testify orally to such matters.

2. The Oakland Cannabis Buyers' Cooperative helps me in the following ways:
it provides me and my fellow coop members with
a high-grade, fungal-free product at a reasonable price
bought in a very safe environment. ~~immediately from the~~
plant

1 3. If the Oakland Cannabis Buyers' Cooperative were to close, I would suffer
2 imminent serious harm in the following ways: Stopping medical cannabis
3 would threaten my health and my life because it would
4 threaten my intake of new, life-saving AIDS medications
5 I am taking, and stop their efficacy in keeping me alive.
6 I am presently on several new research medications for
7 treatment of my AIDS diagnosis. These drugs are very
8 powerful and have many interactions that produce in me
9 many side-effects, including nausea, queasiness and an
10 upset stomach. — but they are working to keep my HIV
11 level and T-cell count very stable. Although I have
12 tried many anti-nausea medications, including Marinol,
13 only by using medical cannabis have I been able to
14 stay on the strict regimen that these new AIDS drugs
15 require and must be continued indefinitely. Only
16 medical cannabis, taken as 1 to 2 puffs right after
17 taking my AIDS medications, has allowed me to avoid
18 the serious side-effects of my AIDS medications and
19 therefore keep me alive.

20 I declare under penalty of perjury that the foregoing is true and correct to the best of my
21 knowledge and belief.

October 10, 1998
by Alice Birmingham

How do you possibly begin to tell our government all the daily hell one with Eosinophilia Myalgia-Syndrome (EMS) experiences? Most have never seen a case of EMS and some have never even read about it.

When the EMS epidemic broke in late 1988, I was an active, healthy, 38 year old, business owner. I took the, touted as natural, L-tryptophan as a healthy and moral alternative to drugs or alcohol. It was the "in" supplement for stress reduction and sleep...and it did work. Unfortunately, I was one of the unlucky ones to receive a contaminated batch which contained 60 different bio-chemically engineered bacteria. The acute stage of this poisoning was no different than the other 1500+ cases reported to the CDC in 1988-1989.

I guess what really bothers me about EMS is not knowing what each day will bring...not knowing what my turned-on immune system is going to do next. Will it be the colitis that can leave me so weak from blood loss that I need help getting to and from the bathroom, will the shingles be a problem, will the muscle spasms in my throat cause me to choke, or will the already debilitating fatigue be so intense that I can't get out of bed? Will the nerve pain in my feet or legs feel like the nerves are being tom apart? Maybe it will it be the burning and itching on my forearms. The feeling of having a bad case of the flu is constant and my day consists of having most of these other symptoms along with severe neuritis, muscle spasms, and fibromyalgia. Although most of the sensation is gone on my feet, I still have pain. Medical marijuana is the only drug that gives me relief from these symptoms. Before my doctor recommended this treatment, I was on large dosages of pain medication and other powerful, dangerous drugs. I have been able to get off those drugs because of the efficacy of marijuana. I now am able to walk with the assistance of a cane. I am able to dress myself and make love to my husband. The Oakland Cannabis Buyers Club has been a lifesaver for me. I have been given back some quality of life. Please don't take this away from me and from all the others that suffer daily with acute illnesses. It may be hard to understand if you have never suffered as we are suffering. By allowing the OCBC to stay open you are giving me the power to take responsibility for my wellness.

Very Sincerely,

Alice Birmingham

AND RELATED ACTIONS.

TO THIS HONORABLE COURT:

1. My name is Larry Campos. I am over 18 years of age and am of sound mind. I make the following statements upon my own personal knowledge of the facts stated herein. If called upon, I am willing to testify orally to such matters.

2. The Oakland Cannabis Buyers' Cooperative is my sole source of cannabis, one of the drugs that my doctor recommends to me. The location of the Oakland Cannabis Buyers Cooperative, along with the quality and availability of its product and its professional management make my procurement of cannabis a safe, reliable and pleasant experience. Without a source for cannabis such as the Oakland Cannabis Buyers' Cooperative, I would be forced to

1 seek other methods of procurement, such as illegal street dealers, use of which carries the risk of
2 theft, inferior or fake product, unreliable access, and physical injury.

3 3. The cannabis supplied to me by the Oakland Cannabis Buyers' Cooperative relieves
4 serious, life-threatening physical side-effects from other drugs that I must take. Without
5 cannabis, my life is in direct danger due to these side effects.

6 4. The cannabis supplied to me by the Oakland Cannabis Buyers' Cooperative relieves
7 serious, life-threatening mental difficulties that I experience as a result of my medical condition.
8 Without cannabis, my life is in direct danger due to these mental difficulties.

9 5. By relieving both physical and mental difficulties that I would otherwise regularly
10 experience, the cannabis supplied to me by the Oakland Cannabis Buyers' Cooperative allows
11 me to live a relatively "normal" life, including maintaining a management position in a large
12 corporation and raising my 7 1/2 year old daughter. Without the regular supply of cannabis
13 made available by the Oakland Cannabis Buyers' Cooperative, I most likely would be required to
14 enter long-term disability at work and my daughter would suffer greatly as my involvement with
15 her schooling and extra-curricular activities dwindles due to worsening physical and mental
16 conditions that I would experience.

17 I declare under penalty of perjury that the foregoing is true and correct to the best of my
18 knowledge and belief.

DECLARATION OF IMA CARTER IN
SUPPORT OF REQUEST FOR STAY
OF MODIFICATION TO
PRELIMINARY INJUNCTION

21 I, IMA CARTER, declare as follows:
22

23 1. I am a member of the Oakland Cannabis Buyers' Cooperative in
24 Oakland, California (the "Oakland Coop"). I am submitting this declaration in support
25 of the request of the Oakland Coop to stay modification of the preliminary injunction.
26 Except where stated on information and belief, I have personal knowledge of the
27 matters set forth in this declaration and could and would testify competently to them if
28 called on by the Court to do so.

1 2. I am 56 years old. I suffer from several different conditions and
2 injuries which cause me significant and constant pain. I use cannabis for several of
3 these conditions: congenital scoliosis, fibromyalgia and cervical nerve damage that I
4 suffered as a result of being involved in several car accidents in which I was rear-
5 ended. These conditions, which include cervical nerve damage in C4 through C7 of
6 my spine, cause me enormous pain in my back. This pain is marked by frequent
7 muscle spasms and a recurring shooting pain in my head. Cannabis is the only drug
8 in my experience that has effectively treated this pain.

9 3. I have tried numerous traditional medicines for these conditions, none of
10 which was effective. For example, I took steroids and anti-inflammatory drugs. These
11 drugs have caused me to bleed internally.

12 4. I have also tried rhizotomy, which is a laser treatment. During this
13 treatment, a laser beam was burned into the cervical nerves to create scar tissue. The
14 treatment required that I be awake during it and it was excruciatingly painful. It is my
15 understanding that physicians have now discontinued prescribing rhizotomy treatments
16 because they are unbearably painful and useless. The rhizotomy treatments did not
17 relieve my back pain. This pain feels like a hot burning pain going down my left arm
18 into my hand.

19 5. In addition, I underwent breast reduction surgery to relieve the scoliosis
20 pain in my back. I also tried many different forms of physical therapy, including various
21 exercises, ultrasound, ice packs, jacuzzi treatments and others. None of these even
22 touched the recurring shooting pain I experience in my head.

23 6. I also have a therapeutic electrical neuro-stimulator (a "TENS") unit that
24 controls some of my pain from the cervical nerve damage and scoliosis. However, the
25 TENS unit does not stop or dull in any way the shooting pain that occurs in my head at
26 frequent intervals. I am presently taking morphine as prescribed by my doctor, but it--like
27 the TENS unit--does not stop or dull in any way the frequent pain in my head.

28

1 7. Cannabis is the only drug that I have used that has dulled or stopped the
2 pain. I was once forced to go without cannabis. During this period of time, the pain was
3 completely disabling and prevented me from being able to function. During this time, I
4 could not leave my bedroom due to the pain that recurred every few minutes, and
5 therefore I could not do any of my regular daily activities, such as answering the phone,
6 doing the dishes, running errands, watching television, reading and taking care of my
7 finances.

8 8. I use cannabis on the written recommendation of my doctor.

9 9. If the Oakland Coop is closed, I have no other way to obtain cannabis,
10 either legally or illegally. Cannabis is the only effective treatment available to
11 alleviate my pain and frequent muscle spasms associated with congenital scoliosis,
12 fibromyalgia and nerve damage.

13 10. As described above, I have previously gone without using cannabis. If I
14 am not able to obtain cannabis, I will again experience pain that is so debilitating that
15 I will have to return to my room and be unable to leave. Without cannabis, I
16 experience intense intervals of pain in my head that occur every few minutes. This
17 pain makes it impossible for me to spend any time with anyone, including my
18 husband. I cannot stand the thought of having to endure this pain again. Just
19 knowing that the Oakland Coop may be shut down has caused me incredible fear and
20 anxiety because I do now know how I will endure the pain I know will occur when I
21 have no cannabis to use. If there were anything in the world I could do to relieve this
22 pain other than using cannabis, I would do it. I have tried every other possible way to
23 relieve my pain that I know of, and there is no alternative for me but to use cannabis.
24 There is no drug other than cannabis that alleviates these shooting pains. I have tried
25 many traditional drugs, including morphine, steroids, rhizotomy treatments and breast
26 reduction surgery, none of which has alleviated the shooting pains.

27

28

1 11. If the Oakland Coop is shut down, I will not be able to obtain cannabis
2 and I will suffer immediate and imminent harm. For the reasons described above,
3 using cannabis is a medical necessity for me.

4 I declare under penalty of perjury that the foregoing is true and correct.
